After-Refresh Legend ZC Deluxe

The Refresh Series gives your direct vent or recirculating fireplace a complete makeover and a style all your own. Each screen and door covers the entire exposed black metal including the glass or fireplace opening and vents. Choose from a wide variety of designs that are sure to match your style. You can also choose to create your own design for the vents and doors. With the Refresh Series from Design Specialties, the possibilities are almost endless!

Screens & Doors for direct vent fireplaces

Aluminum DV Screen - simple, stylish & safe; the sturdy aluminum screen covers the entire direct vent fireplace and provides an extra layer of protection from little hands touching the hot ceramic glass. Add laser cut design options like window pane or scroll and choose from 20 different finishes to complete your look.
